# EAS EUROPE

## Europe's most popular EAS accessories at the best possible price.

## SENS UNO Controller

Headphones, Wi-Fi or Bluetooth sound systems but also laptops and other valuable portable products require flexible protection in retail stores.

The SENS UNO stand alone controller offers electronic protection for these. It is a compact unit with integrated alarm circuit plus charging capabilities for 5V devices. A variety of sensors including switch, loop and USB type are available to protect practically all wearables.

Installation is a matter of minutes. This makes the SENS UNO stand alone controller the ideal security device for a large range of electronic products.
