

# OPTICAL TAG

Universal optical safety labels for  
glasses and sunglasses

Our universal eyewear security tags offer the perfect balance between robust security and discreet design.

Specially developed for opticians, sunglasses boutiques, and retail eyewear departments, these tags provide a strong visual deterrent against shoplifting while allowing customers to comfortably try on frames.

## WHY RETAILERS LOVE IT

**Slim, flat shape** allowing customers to try on glasses and view themselves in the mirror without obstruction.

**Versatile locking** mechanism adapts to a wide range of frame widths.

Available with **both RF and AM technology** to match your existing store security gates.

Quick attachment and removal using a special hand-held releaser.
